Austin, Texas 78744-1645

Office Of
Injured Employee Counsel

NOV 23 2009

RECEIVED

Re: FY 2009 Summary of Legal Services Provided

Dear Mr. Darwin:

As a central service agency, the Office of the Attorney General (OAG) is required to provide the cost of performing legal services to each state agency in conjunction with the Statewide Cost Allocation Plan. This cost information is shown in the enclosed Summary of Services Provided (SSP) Report for fiscal year 2009. The report reflects the cost, by OAG case number, of legal services provided by the OAG to your agency for fiscal year 2009. Any interagency contract or recovered attorney fee revenue, if applicable, is also reflected in the report.

This SSP is not a bill or solicitation of funds. Rather, the SSP provides cost information which may be passed on through any associated grants for direct or indirect reimbursement or may be used in calculating fees for services. Review specific grant rules and regulations to determine whether any of these costs qualify for federal reimbursement. If your agency does not receive grants or assess fees, then the attached report is provided for informational purposes only.

If you have any questions or need additional information, please contact Jo Anne Osborn at 512/936-1353.

Sincerely,

Julie Geeslin
Director of Budget & Purchasing
